MYRA School of Business,
Near Infosys, opposite Power Grid,
Yelawala, Karnataka 571130

A total number of 50 students of the 3rd Sem were visited the industry. Faculty Accompanied by Mr. Santhosh B J and Mrs. Shruthi K S, Assistant Professors, Department of Computer Science and Engineering, BGSIT.

At Cyberverse, experts conducted two sessions:

Session 1: A 30-minute session on the fundamentals of cybersecurity.

Session 2: A practical, demo-based session that highlighted security challenges in real-world applications such as airport security management, sewage water treatment plants, nuclear energy plants, and metro systems.

Objectives:

1. Understanding the cybersecurity fundamentals and applications.
2. To provide hands-on exposure to real-world security challenges across different domains.
3. To bridge the gap between theoretical concepts and industrial practices.
4. To create awareness about cybersecurity threats in critical infrastructure such as airports, sewage treatment plants, nuclear energy plants, and metro systems.

Outcomes:

1. Gained a strong understanding of basic cybersecurity concepts.
2. Acquired practical insights into handling security issues in real-world environments.
3. Developed awareness of the importance of cybersecurity in critical infrastructure and public safety.
4. Careers and research opportunities in cybersecurity and related fields.

Sustainable Development Goals:

SDG4: Quality Education.

SDG 8: Decent Work and Economic Growth.

SDG9: Industry Innovation and Infrastructure

We want to thank our beloved principal, Dr. Shobha B.N, and Dr. Shashikala S V, HOD, Department of CSE, for giving us the opportunity and providing bus facilities for this Visit.
