Message from **Hon'ble Chancellor**

Jagadguru Sri Sri Sri

Dr. Nirmalanandanatha Mahaswamiji

Education in a University is the seat of learning where future leaders are produced. University plays a vital role in the development of the nation and the world at large. The basic object of higher education is for Self-reliance, investment for Future development and Catalyst for Socio-economic change in the Society.

Man feels proud that he has mastered many branches of knowledge and studied a number of texts. But he does not try to understand the essence of education. Nowadays, learning is limited only to physical and worldly aspects and moral, ethical, spiritual aspects are left out. Furthermore, some say knowledge is the most valuable acquisition, but character is more valuable than knowledge. Sacrifice, love, compassion and forbearance are the sterling human qualities that one should foster. Our University is striving hard to inculcate the high standards of conduct, behavior and the integrity of the personality in the individuals.

It is important that the higher education system increases its relevance to the society in which it functions. One of the major goals of the university education system is to multiply the knowledge, skills and various aspects of human potential in the country. We wish that the university realizes its inherent potential for the constructive purposes in the nation building process. Multiplication of skillsets through excellent education contributes to producing excellence in research, teaching and application.

Message from **Hon'ble Vice Chancellor**

Prof. Dr. M. A. Shekar, M.D (Int. Med), FRCP (Edin)

Adichunchanagiri University is a rural area-based Multi-Disciplinary Unitary Campus. In the past five years, it has made considerable progress and development in the areas of Engineering & Technology, Health Sciences, Management & Technology, Humanities & Social Sciences, Natural Sciences and Allied Health Sciences, Humanities & Social Sciences and Natural Sciences under dynamic and visionary leadership of Parama Poojya Sri Sri Sri Dr. Nirmalanandanatha Mahaswamiji, The Hon'ble Chancellor of the University.

The University has shown considerable and commendable progress in the infrastructure academics and research, in the form of physical facility, equipment, human resource, academic programs, enrolment of students, research publications, patents and community services.

An increase in admission from 150 to 250 students for MBSS Program during the financial year 2022-23 has been one of the highlights of academic progress. Quality assurance, enhancement and sustenance are the hallmark of the University development with NBA, NABH & NABL accreditations and ISO Certifications.

Efforts has been made in capacity building and augmentation of research activities with the recruitment of eminent scientists, notifying proficient Adjunct Faculty, Professor of Practice and equipment upgrade into the system.

I am very thankful to the Hon'ble Chancellor, Poojya Mahaswamiji, all the Authorities, Officers, Employees and Students for their continued support in the rapid growth and development of the University.
