Learning Management System (LMS)

Counselling Process

Mode of Counselling :- Online

Brief describe the provision in LMS to be used by HEI :-

1. Content Delivery and e-Tutorials * Interactive Learning Modules: Multimedia-rich e-tutorials including videos, animations, simulations, and presentations. * Mobile-Friendly Interface: Optimized for various devices to provide access anytime, anywhere, allowing students to learn at their convenience. 2. Self-Learning Materials * Downloadable Resources: Includes PDFs, lecture notes, and self-paced learning modules. * Continuous Access: Materials are accessible throughout the course duration, supporting self-paced learning. 3. Assessment and Evaluation * Quizzes and Tests: A wide range of formative assessments including quizzes, tests, and assignments to reinforce learning. * Automated Grading: Immediate feedback and automated scoring to enhance learning efficiency and accuracy. * Progress Tracking: Students can track their performance, enabling them to identify strengths and areas for improvement. 4. Discussion Forums and Collaborative Tools * Student-Teacher Interaction: Live chat, discussion boards, and Q&A sessions provide an interactive platform for students to engage with instructors. * Peer Collaboration: Group projects, peer review, and discussion forums promote active learning and collaboration among students. 5. Student Support and Engagement * Helpdesk Support: Dedicated support to address student inquiries and technical issues. * Notifications and Reminders: Automated notifications for assignment due dates, course updates, and important announcements. 6. Tracking and Analytics * Real-Time Monitoring: Faculty can track attendance, participation, and engagement levels in real time. * Data-Driven Insights: Analytics to monitor learning outcomes, student progress, and engagement, providing actionable insights for continuous improvement. 7. Compliance and Security * Data Security: Advanced encryption and regular audits ensure data protection and privacy. * UGC Compliance: Our LMS is built to comply with all UGC standards, providing a secure and efficient online education environment. Enhanced Learning Outcomes With these features, ACU's LMS is equipped to provide an immersive, engaging, and effective learning experience. This system not only fulfills UGC's online education standards but also empowers students with the resources and support they need for academic success.

Briefly write how the Learning Management System (LMS) will ensure the following: (provide a demo link, if available) :-

Assessment mechanism	Our LMS platform offers diverse assessment options, including quizzes, assignments, and interactive question banks. Automated grading, feedback features, and progress tracking are built-in, allowing learners to receive feedback promptly and track their own progress.
Identified technological interface and interoperability	Our LMS is built on a modular framework with a robust backend. It is compatible with third-party tools (such as Zoom, MS Teams) and supports payment gateways and Single Sign-On (SSO) for user management, ensuring a seamless and secure user experience.
Learner's Authentication Requirements	Learners access the LMS through secure login credentials, with options for additional verification steps, including email authentication and Single Sign-On (SSO) for added security.
Learner Registration - through a web application	The LMS provides an online registration process, allowing learners to self-register or be enrolled by administrators, depending on the institution's preferences and needs.
Active Engagement of the Learners along with Analytics for active engagement of learners and Reporting	Our LMS includes engagement features such as discussion forums, interactive assignments, and group activities. Built-in analytics allow administrators to monitor student participation, activity completion, and engagement metrics in real-time.
Payment Gateway –using Digital Payment system	Our LMS platform integrates with popular payment gateways (such as PayPal or Stripe) for secure online fee collection, supporting both paid course enrollments and premium content access
Tracking the delivery of a Course or programme	The LMS enables tracking of course delivery through progress indicators, grading summaries, and activity logs. Each course module can have specific completion criteria, allowing for structured learning paths and accurate tracking
Technical Know-how or Skills Requirements	Users need basic digital literacy skills, such as internet navigation, file uploads, and multimedia use. Familiarity with web-based tools, including discussion forums and video conferencing, enhances the learning experience
