“सा विद्या या विमुक्तये”

“Sa Vidya Ya Vimuktaye – that which liberates is Knowledge”

Knowledge or vidya gives power, pleasure, and honor. Both science and spirituality enrich us with knowledge, but that knowledge is superior, which leads us to liberation. Liberation from physical, mental, and external bonds is attained through the control of external nature with the help of science; while liberation from internal bonds is attained through ethics and religion.

Hindu scriptures say: ‘Sa Vidya Ya Vimuktaye; that which liberates is knowledge.’ The main role of knowledge is to free us from all these bondages: fear, doubts, inadequacy, and uncertainty. Total knowledge is apara and para, lower and higher, according to the Mundaka Upanishad.

In the transformative landscape of healthcare, Adichunchanagiri Hospital & Research Centre (AH & RC) emerged in 1990 as a powerful symbol of hope, reflecting the visionary aspirations of His Holiness Padmabhushana Puraskrutha Sri Sri Sri Dr. Balagangadharanatha Mahaswamiji. The hospital, commissioned with a noble purpose, has evolved into a cornerstone of medical care, particularly for the underprivileged and rural communities in the region.

AH & RC, affiliated with the prestigious Adichunchanagiri Institute of Medical Sciences (AIMS), is not just a healthcare institution; it is a testament to the unwavering commitment of its founder to establish a state-of-the-art facility addressing the health needs of the rural populace. The hospital's success is attributed to its dedicated and qualified staff, coupled with cutting-edge medical equipment, allowing the seamless provision of medical services across preventive, curative, and rehabilitative domains. Specializing in sub-disciplines such as Neurosurgery, Urology, Cardiology, Oncology, Nephrology, and Plastic Surgery, AH & RC stands out as a comprehensive healthcare hub. The Central Laboratory, equipped with advanced technology, ensures accurate and thorough diagnostics for patients, setting a standard for excellence in healthcare.

At the heart of AH & RC is its Central Operation Theatre complex, featuring 13 operation theaters and a 120-bed Intensive Care Unit (ICU) equipped with state-of-the-art monitoring systems. The hospital's commitment to emergency care is underscored by its round-the-clock Emergency Medicine department, staffed by highly qualified professionals dedicated to providing immediate medical attention. Noteworthy is the hospital's dedication to providing essential medical services to the underprivileged. The well-equipped Blood Bank, managed by experienced personnel, ensures the timely availability of blood donations and streamlined delivery systems for those in need. The Forensic department, equipped with modern cold storage facilities, plays a pivotal role in the dignified storage of cadavers requiring post-mortem examinations.

AH & RC goes beyond conventional medical care by extending its healing touch through free-of-cost medical aid, including medicines, to the underprivileged. The hospital's impact is not confined to its medical services; it also addresses the broader spectrum of healthcare by providing free food to General ward patients, exemplifying its commitment to holistic healing. With 1500 beds, a multi and super-specialist approach, and facilities such as CATH Lab, MRI, CT Scan, Digital X-Ray, Echo, Fundus Camera, and more. AH & RC stands as a beacon of healthcare excellence. The hospital's journey, from a cherished dream to a thriving reality, continues to transform and uplift countless lives by providing compassionate and quality healthcare to those who need it the most.

Moreover, AH & RC extends its reach beyond its walls through a 24/7 ambulance facility, ensuring swift access to healthcare for all neighboring areas. In the pursuit of its humanitarian ideals, Adichunchanagiri Hospital & Research Centre remains a shining example of healthcare that transcends boundaries, offering hope and healing to the communities it serves.
